

ICC

INTELLIGENT CRIMPING CONTROL

The only control in the world specifically designed for crimping machines. This ensures the best accuracy and repeatability in the market. New innovative automatic correction function removes the need for machine calibration.

ICC is very robust and high resistant for physical impact and vibration. IP66 compatibility guarantees operations in high humidity and extreme temperatures.

7" resistant touch screen and icon based graphical user interface enables fast and easy usage.

ICC comes with more advanced Recipe and Job Queue management. Favourites and color coded recipes make usage easy.

ICC enables individual user management with different level user rights.

ICC control is Industry 4.0 compatible.
