

Flexible Integrated Production

Automated multiple kit production

Marken has developed state of the art, fully flexible solutions for the manufacturing of single pieces, kits and batches.

Marken PC Control allows you to:

Receive and Enter Orders manually or electronically

Sort the Production Runs by customer, kit, hose size/type

Combine different Kit/Batch Orders

This enables you to **Maximize Runs** and **Increase Productivity**

Larger runs **Minimize** the need for **Coil Changes**

Yields individual products/pieces **Automatically!**

Integrated flexible marking

Marken technology integrates **Inkjet Printing** and labeling options into the cutting process.

- Part number, name, date
- Barcodes, lay lines, logos
- Depth marking, clamp marking

Adhesive label application

- Print, Wrap, Locate

History information

- Full runs and orders
- Individual hoses
